

# Provider COVID-19 Risk Assessment

rev 4/14/2020 08:25:00

## Purpose:

The purpose of this tool is to document each provider's risk to COVID-19 in a de-identified way so a final risk score can be assigned. Your individual scoring will NOT be shared but your total score will be shared without your name.

## Risk Assessment Tool

<b>Risk Factor</b>	<b>You (Yes or No)</b>	<b>Any Household member (Yes or No)</b>	<b>Sum Points Yes = Pts No = 0 pts</b>
<b>Over age 65</b> (Yes = 3 pts) (No = 0 pts)			Max 6pts
<b>Chronic Respiratory</b> (Yes = 3 pts) (No = 0 pts)			Max 6pts
<b>Serious heart disease, immunocompromised</b> (Yes = 3 pts) (No = 0 pts)			Max 6pts
<b>Other Chronic</b> (Yes = 2 pts) (No = 0 pts)			Max 4pts

## Scoring

1. For any "Yes" assign that row's Yes point count.
2. Sum across all rows
3. Sum down the Sum Points column.
