Purpose:

The purpose of this tool is to document each provider's risk to COVID-19 in a de-identified way so a final risk score can be assigned. Your individual scoring will NOT be shared but your total score will be shared without your name. Risk factors as per CDC.

Provider Name (will never be shared):	
---------------------------------------	--

Instructions:

- In the "You" column write "Yes" if you have the condition, or "No" if you do not.
- In the "Any Household Member" column write, "Yes" if one or more household members has the condition. Write "No", if no household member has the condition.
